

I would like to give you my thoughts about the LPFM - I don't want it for the following reasons my radio stations KBDE and K-LOVE serves me as a resident of my local community, there is so much garbage on the radio and my stations are family friendly and encouraging and inspiring not to mention they also serve as information boards for our area.

The effect on our local community if K-LOVE or KBDE were to be displaced by an LPFM broadcaster providing other programming would be detrimental to our community - would rob me and other citizens of our community of positive uplifting communication. I don't watch TV except for christian programming or clean family show or the FOX news and that is it. If you also take our FM stations away it would be like censoring the citizens of this great country.

FM stations like K-love and KBDE have changed many lives in this community, namely my husband and myself; my 6 year old sings along with the radio, never skipping a beat; so if it has had that great an impact on this family which is 3 in number I can guarantee you that you can multiply the effects x 100,000s of individuals in this community alone. Don't sell out the needs of the people for the financial gains of big corporations.
